LEAN BENCHMARKING

Benchmarking with other organizations seeking to implement LEAN in administrative areas holds great promise. We have been able to both share and gain valuable information. Our benchmarking partners range from those who are just beginning their LEAN journey to those who are well on there way to having it firmly entrenched in their organization.

	Years on LEAN Journey	*LEAN Events To Date*	*Cumulative Savings*	
WR-ALC/LN	<1	3	TBD	*WR-ALC/LN provides software and hardware development and total logistics support for electronic warfare weapon systems.*
